

CONTENTS

0. Introduction	1
1. B-splines defined	2
2. Splines defined	5
3. A simplifying assumption	8
4. The polynomials in $S_{k,t}$	9
5. The pp functions contained in $S_{k,t}$	11
6. 'B' stands for 'Basic'	15
7. The dual functionals	16
8. Condition	19
9. Evaluation	20
10. Differentiation	22
11. Knot insertion	24
12. Knot insertion for cardinal splines	29
13. Shape preservation	30
References	32
