Course Outline

Paper: A Survey of Graphics Standards

Copy of Slides from Bono's Presentation (part 1)

Description of Functions

Copy of Slides from Bono's Presentation (part 2)

Paper: Raster Operations in the CGI

Standards Columns from Computer Graphics Today

Welcome and Introduction	Bono
Overview -- Motivation	Bono
* Purpose/Goals of the CGI	
* Scope of the Standard	
* Who Benefits and How	
* Where the CGI Fits in With Other Standards	
Structure of the Standard	Bono
* Multipart Standard	
* Option Sets	
CGI Output Primitives	Arnold
CGI Attributes	Arnold
CGI Segmentation Functions	Arnold
L U N C H	
CGI Control, Negotiation, and Inquiry	Arnold
CGI Raster Functions	Arnold
CGI Input Functions	Arnold
Accessing the Standard	Bono
* Language Bindings	
* Data Stream Bindings	
Key Issues	Bono
* Conformance Rules	
* Integration of Vector and Raster Primitives	
* Single versus Multiple Workstation Support	
* Relationship to Window Management Software	
Other Standards	Bono
* Organization	
* Schedule	
* Relationship Between CGI and CGM	
Wrap-up and Questions	Bono and Arnold
