

Schedule

0:00-0:05	Introduction
0:05-0:35	Color Vision and Appearance
0:35-1:00	Color Reproduction and Management
1:00-1:30	Color in Graphics Systems
1:30-1:55	Color Selection and Design
1:55-2:00	Summary and Wrapup

Table of Contents

Introduction	4
Color Vision	4
Basics	4
Colorimetry	5
Color Appearance	6
Color Reproduction and Management	8
Color Reproduction	9
Color Management Systems	12
Color Synthesis	13
Color in Graphics Systems	13
Simulation vs. Design.....	14
RGB vs. Spectral Representations.....	15
Systems Issues (VRML example).....	16
Color Selection	17
Color Design	19
Color Harmony.....	19
Color in Information Visualization.....	20
Annotated Bibliography	23
Introduction	23
Color Vision	23
Color Reproduction and Management	24
Color Synthesis	24
Slides	28
