Metaverse Real-Time

Time

Wednesday, 10 August

20226:31pm - 6:45pm PDT 

Location

West Building, Ballroom C/D

Description

FUTURE.STAGE is a realtime live improvised comedy show using iPads and rendered using Unreal Engine. The audience will be asked to submit suggestions using a web portal. Remote performers will act out the live “rideshare” performance that incorporates the suggestion. Our live collaboration tools coordinate the distributed components.
